

20CYS202 USER INTERFACE DESIGN**CLASS : II BTECH CYS****AY 2024-25 (ODD SEM)****Lab 5. CSS Layout and Responsive Web Design with Bootstrap****Questions:**

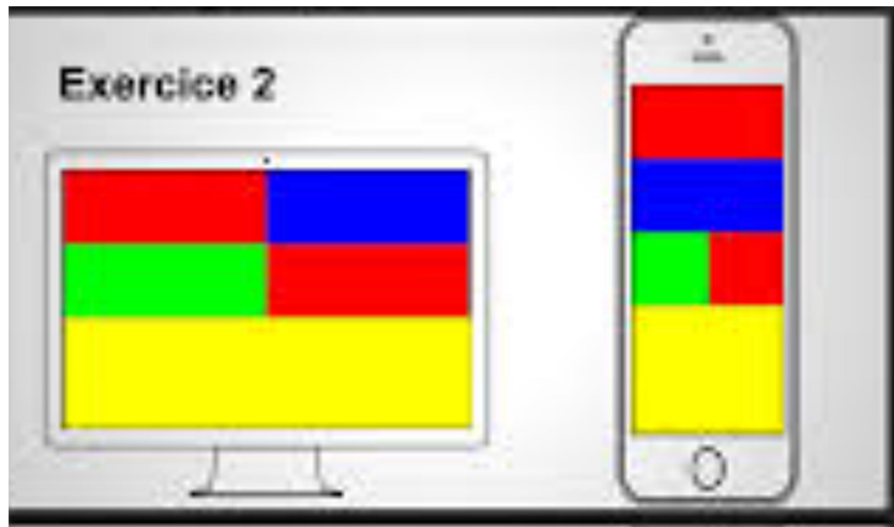

1. Refer to the Exhibit. Design the form layout as per the Figure using bootstrap.

The image shows a web form titled "Person Form". At the top, there is a red error message box with the text "Error Messages." and a close button (X). Below this, the form is organized into several sections:

- Title:** A dropdown menu with "Mr." selected.
- First Name:** A text input field containing "Chee Kin".
- Last Name:** A text input field containing "Lim".
- Gender:** A dropdown menu.
- Date of Birth:** A text input field with a placeholder "dd/mm/yyyy".
- Address:** A section containing four input fields:
 - Street:** A single-line text input.
 - City:** A single-line text input.
 - Post Code:** A single-line text input.
 - State:** A single-line text input.
 - Country:** A dropdown menu.
- Register:** A blue button at the bottom right of the form.

2. Refer to the exhibit. Implement a responsive webpage similar to the one shown on Desktop screen and mobile phone screen using bootstrap.
